CooperVision™

- Do you suffer from nearsightedness or farsightedness?
- Do you feel your contact lenses at the end of the day?
- Do you have to use re-wetting drops throughout the day?
- Do you suffer from extensive red eyes?

AVAIRA IS THE SOLUTION FOR YOU!

- AVAIRA is a naturally wettable silicone hydrogel lens that stays moist throughout the day.
- The unique material in AVAIRA binds water to the surface and the interior of the lens without the need for additional surface treatments or wetting agents.
- AVAIRA allows for high oxygen levels to enter through the lens to the surface of the eye, keeping your eyes clear, white and healthy.
- The advanced AVAIRA design allows for easy fitting.
- The increased flexibility of AVAIRA provides outstanding comfort.
- AVAIRA provides UV-blocking protection against harmful UV radiation.
